PUBLIC UTILITIES COMMISSION

Docket No. 2002-92

February 25, 2002

NORTHERN UTILITIES, INC.
Re: Application for Change in Cost
of Gas Factor by Northern
Utilities, Inc. (Summer CGF)

NOTICE OF APPLICATION

On February 15, 2002, Northern Utilities, Inc. (Northern) filed with this Commission an application, pursuant to 35-A M.R.S.A. § 4703 and Chapter 43(2) of the Commission's Rules (65-407 C.M.R. 43), for a change in the cost of gas factor (CGF) for the summer period May 1, 2002 through October 31, 2002. The Commission must approve all cost of gas adjustments. Northern's proposed 2002 Summer CGF will result in a decrease of 18.59% for the average residential customer who uses approximately 50 ccf per month during the summer period. The proposed 2002 Summer CGF will result in a decrease of 19.97% for these customers from the rates currently in effect that reflect the Winter 2001-2002 CGF. The proposed decrease is based on lower estimated commodity costs for the upcoming period. The rate also includes an amount \$1,100,875 to recover Northern's under-collection of gas costs from the Summer 2001 CGF period. This recovery amount is approximately 50% lower than the under-collection amount that was included in last summer's CGF rates. . Northern has not proposed a change in the Environmental Recovery Cost (ERC) rate but, in accordance with the settlement approved in Docket No. 96-678, could adjust the rate set in the Winter 2001-2002 period to provide a closer recovery of the costs incurred during the period July 2000 through June 2001.

35-A M.R.S.A. § 4703 requires the Commission to issue public notice of the application within 7 days after the application is filed with the Commission. The Commission, pursuant to § 4703, may render its decision on this application without holding a public hearing. If a public hearing is held, the Commission, pursuant to § 4703, must hold the first session within 45 days of the filing of the application and shall render its decision within 45 days after the close of the hearing. If no hearing is held, the Commission shall render its decision within 45 days of receipt of the application.

Accordingly, it is
